# CARE INSTRUCTIONS

This piece of furniture is made from solid wood and metal. Over time it will develop a natural red-orange patina on top of the metal parts, which is desired. It is recommended to re-wax all parts at least once a year to prevent the acceleration of the patina process.

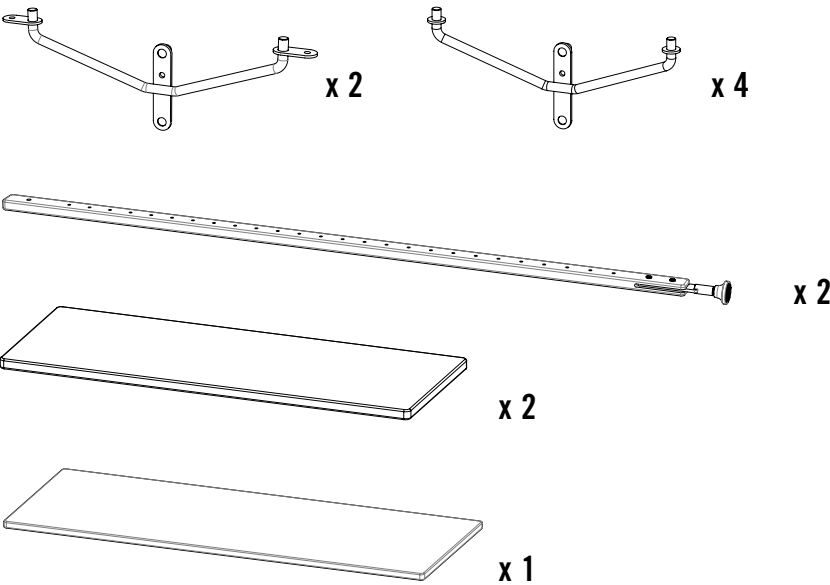

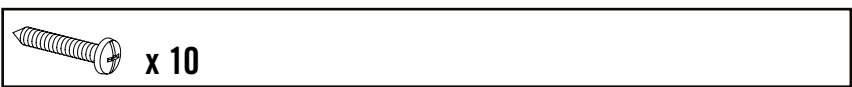

The wooden parts can be cleaned with pledge or any other wax-based furniture polish. To re-wax this furniture, apply a thin even layer of furniture paste wax on to the surface using a soft lint free cloth or rag.
